

# 111 DURACEM BLENDED WHITE CEMENT 白洋灰瓷磚縫填補洋灰料

**DURACEM BLENDED WHITE CEMENT** is a white grouting cement specifically formulated by blending white Portland Cement with selected inorganic aggregates and special additives to enhance its whiteness and workability. It has high compressive strength and low shrinkage coefficient. **DURACEM BLENDED WHITE CEMENT** is most suitable for the grouting or pointing of ceramic and mosaic tiles, marble and terrazoes.

## ADVANTAGES

- ▲ Good workability
- ▲ Excellent whiteness
- ▲ High compressive strength
- ▲ Mixes and applies easily
- ▲ Consistent quality
- ▲ High durability
- ▲ Ideal for grouting of tile joints

## PACKING AND STORAGE

- Weight** : 25kg per bag  
**Shelf Life** : 9 months  
**Storage** : cool dry place

## 用途

特別為填補瓷磚縫而制的洋灰料，  
最適合用作填補瓷磚、磨石等縫隙。

## 特性

- 容易施工，操作快速
- 顏色白皓
- 不會龜裂
- 壓縮力強
- 耐久而不剝脫
